1. Welcome from your Teaching Team

Welcome to the MSc HRM programme in Cardiff School of Management (CSM) ! As you will discover CSM offers you a vibrant and challenging environment to learn and study, where commitment and enthusiasm will be rewarded.

The MSc HRM programme aims to provide a high quality and professionally relevant postgraduate experience. The programme has been designed to support and develop critical appreciation of how human resource policies, procedures and practices are designed and deployed in organisations and the contemporary issues and debates that surround HRM's role and function.

Graduates will be equipped with the necessary skills and knowledge for a multi-disciplinary approach to business, organisations and HR issues. By enabling students to function as autonomous learners, the resulting graduates will have developed the foundations for future and continuing professional development.

Cardiff Metropolitan University is an Approved Centre of the Chartered Institute for Personnel and Development (CIPD). This course has been approved by the CIPD and therefore aligns with the knowledge components of the professional membership criteria. Studying a programme with links to a CIPD qualification is one of the most popular ways to become a member (you join as a Student member). This course will provide you with the underpinning knowledge towards professional membership and successful completion of the MSc HRM will mean that you will become an Associate Member of the CIPD.

We hope you enjoy your time with us, and benefit not just from the knowledge you will gain, but the friendships and memories that will be with you for a lifetime.

The very best of luck in your studies!

The MSc HRM Programme Teaching Team
